Superheroes of Sex 720p HDTV x264-DHD.mp4 In this fantastic movie, two struggling scientists are taking their lab up the mountain in the hopes of finding something better to do than just take a look at test tubes all day. They get separated as they go, and are forced to be on their own. Just when they think they have been alone for a long time, they are approached by a young girl. She tells them that she and her friends have been waiting up the mountain for them. The two men are put at ease, but the girl and her friends are more than just a happy camper. They're pretty spooky.
